

SOUTHERN CAPE NOMADS

NATIONALS SELECTION CALCULATOR

The allocation to clubs is based on the amount of games played by members in the last two years. This means a maximum entry for nationals would be achieved if all our members played every game. In order to make it fair, and to give credit to those nomads who give up their time for golforama, and are also good travelers, we have now approved the formula below for Southern Cape.

16 Games and less for last 24 months	0
17 to 18 Games played for last 24 months	1
19 to 20 Games played for last 24 months	3
